

METHODIST CHURCH CONSOLIDATION IS ONCE MORE SOUGHT

Split Into North and South Divisions Over
Slavery Question, Another Effort is Being
Made to Heal the Breach and Re-unite—
Both Sides are at Work on Conciliation

(By The Associated Press)
CLEVELAND, O., July 24.—A plan for the reuniting of the northern and southern divisions of the Methodist Episcopal church was taken under consideration by the joint committee on unification tonight after having been approved by members representing both branches at separate meetings.

The plan drafted by a joint committee of sixteen, was adopted unanimously by the northern members at a meeting this afternoon. At its meeting tonight the southern members made a few changes in the wording of the plan which was then submitted to the joint committee.

SEVEN NATIONS SIGNATORIES TO PEACE TREATY

Re-Establishment of
Near East Peace
a Fact

(By The Associated Press)
LAUSANNE, July 24. (By A. P.)—The treaty of Lausanne, re-establishing peace in the Near East, now bears the signatures of Great Britain, France, Italy, Japan, Greece, Rumania and Turkey. Simple ceremonies, marking the termination of negotiations which have extended over many months, were carried out in the main hall of Lausanne university this afternoon and when the representatives of the various nations led by Ismet Pasha had affixed their signatures, President Cheurser of the Swiss confederation, declared the session adjourned with the admonition: "Let the closing thought be a benediction."

Multitudes Rejoice
An impressive demonstration, celebrating the signing of peace occurred in Lausanne tonight. The streets were crowded with rejoicing multitudes many coming from the country districts to take part. The tower and spire of the cathedral, which dominates the city, were aglow with electric signs, visible for miles on both sides of the lake, while searchlights played across from the surrounding hills.

The British delegation left for home tonight, the others will go tomorrow, leaving only the Americans and Turks, who are still engaged in negotiations over the Turco-American treaty.

MERITS OF MORNING NEWSPAPERS ARGUED

(By The Associated Press)
CHICAGO, July 24.—The merits of morning newspapers from the advertisers' standpoint and plans for a national campaign in behalf of the breakfast editions were discussed today at a meeting here of the executive committee of the morning newspapers publishers' association.

Development of merchandising territory thru local papers, both morning and evening supplemental to National periodical advertising campaigns was urged more than 100 publications in 35 states were represented at the meeting presided over by President A. F. Schaefer of the Fort Wayne, Indiana Journal Gazette.

Refused Loan Starts Spite Run on Bank

(By The Associated Press)
ALTON, Ill., July 24.—William Linkin, a fisherman was arrested tonight on a charge of causing a run on the First National bank of Wood River, Ill., near here today. Fred Crandall, president of the bank said Linkin negotiated with the institution a loan and when it was refused, he circulated a rumor that there was no money in the bank.

When the bank opened this morning a crowd of depositors gathered at the door and asked for their money. Formed a line from the bank into the street, the depositors stood in the long sun during the day and

several women fainted. Several hundred depositors withdrew their accounts.

Local banks advanced sufficient currency to tide over the emergency and President Crandall said the bank was not seriously affected by the run.

Crandall asked that Linkin be prosecuted under a state law which provides penalties for persons threatening financial institutions thru false rumors.

J. S. Devine, son-in-law of Linkin, and E. L. Eckel, also were arrested on a charge of starting a false rumor that the bank was insolvent. All of the men later were released.

JAPS CHARGED WITH ISSUING COUNTERFEITS

Nine Arrested and
Much Bogus Money
is Taken

(By The Associated Press)
HONOLULU, T. H., July 24.—Federal warrants were issued here today for nine Japanese charged with participating in a counterfeiting plot. Nearly a quarter of a million dollars in bogus bills are in the hands of federal officials which they are holding as evidence.

Takejiro Yamasaki, charged with being one of the makers of the bills was released under \$20,000 bond. Sensaku, Uchi-bori, charged with passing \$5,000 in counterfeit bills was released under \$5,000 bond. The other seven accused are confined in jail.

Jap Engraver Taken
Hikogoro Yonekura, an expert engraver employed on a local Japanese newspaper until the counterfeiting became public and charged with superintending the printing of the bills is preparing a confession in the case, he told United States Judge Joseph B. Pondexter today during a hearing on a petition for a writ of habeas corpus. Yonekura said he did not want to be released from jail because he had not finished his confession.

Federal officials said they had discovered two plates for manufacturing bogus bills. They said they believed the plot to be the largest counterfeiting scheme ever discovered in American territory. It has been operating about two years they said.

STATE PAVING TO REACH GOAL SET

(By The Associated Press)
SPRINGFIELD, Ill., July 24.—With a grand total of 394.21 miles of paving completed in Illinois in 1923 the division of highways is approaching its goal of fifty miles a week, according to its report to Governor Small as of July 19th.

"We are in much better condition for carrying forward the work this year than last since all contractors have an enormous quantity of materials stored upon their respective jobs," said the governor in commenting on the report.

"I can see our goal of 1,000 miles of paving for 1923 materializing."

ONE KILLED AND TWO HURT IN PLANE CRASH

(By The Associated Press)
BOSTON, July 24.—Kitchell Snow, a Harvard graduate was killed late today when his airplane, which he was piloting, crashed at Jeffries Point, East Boston. Two passengers, Sergeant Oscar Le Cain, a national guardsman and a ten year old boy, Howard Carlin, of North Chelmsford, said to be Le Cain's cousin, were injured.

BANDITS ATTACK BANK MESSENGERS GETTING BIG SUM

Wound Three Messengers
and Secure Large Sum
of Money

(By The Associated Press)
TORONTO, Ont., July 24.—Six bandits engaged in a pistol battle today with a dozen bank messengers in the heart of the financial district and the bandits won. The robbers fled in a stolen car with about \$130,000 leaving three messengers lying wounded on the sidewalk.

Two may die.

The messengers were walking along Jordan street from the clearing house carrying pouches of money when the bandits drew up in their car. The robbers immediately opened fire.

Grabbing what pouches they could, the bandits fled in their car of deep maroon. The money they took belonged to the Bank of Nova Scotia and the Sterling bank.

Mr. and Mrs. L. F. O'Donnell returned Monday night from a week-end visit in St. Louis and vicinity with relatives.

FIRE CHIEF RESIGNS

(By The Associated Press)
STERLING, Ill., July 24.—W. D. Boehm, chief of the Sterling fire department against whom charges of inefficiency had been filed, and who a week ago refused to resign and demanded a hearing, surprised friends and foes alike last evening when he presented his resignation to the council. It was at once accepted and Connie Nicol, for some time a member of the department was appointed to succeed him.

OVERLAND STOCKS CHANGING HANDS

Buffalo, N. Y., July 24.—Interests said to include, Wills-Overland distributors and represented by Thomas H. Tracy, today became the owners of 739,866 shares of Wills-Overland common stock purchased for \$3,500,000 when their bid for that amount was accepted by Federal Judge John C. Knox in the suit in equity receivership of the Wills-Overland corporation of Toledo, Ohio.

Interest Revived in Taylor Murder Case

(By The Associated Press)
OAKLAND, Cal., July 24.—Three threatening letters signed "Edward Sands" and stating that the writer was the slayer of William Desmond Taylor, motion picture director of Los Angeles were forwarded to the police of Los Angeles today after having been received by a private detective agency here. The letters threaten the lives of Mabel Normand, motion picture star and Mack Sennett, motion picture director.

The letters bore the postmark of Martinez, California and the authorities of that place have also been notified.

According to the police here a suspect is under surveillance at Martinez. The letters were written by a man of apparent education. Taylor's secretary was named Edward Sands. He has been missing since the director was shot in his home at Hollywood.

WHEN BORED USED POISON PEN PLAN TO FREE HIMSELF

Prominent New Yorker Pictured as a Gay Lothario

NEW YORK, July 24.—A portrait of George Maxwell, president of the American Society of Authors, Composers and Publishers, as a lothario who made love to many women and, when he became bored rid himself of them by writing poison pen letters to their husbands and relatives was drawn today by Assistant District Attorney Maloney.

The picture was sketched in a brief filed in general sessions opposing a motion by Maxwell's counsel to dismiss indictments charging his client with having written such letters received by Allan A. Ryan, prominent Wall street trader and many others.

Judge McIntyre reserved decision of the motion.

Remarkable Brief
The brief said to be one of the most remarkable in the history of New York jurisprudence charged Maxwell with penning poison letters for more than 20 years. According to the district attorney the letters were modeled after the famous German court letters which rocked the foundations of royal society in several countries about 1900 and which it developed were written by Baron Von Kotz, who attacked the reputation of court ladies and, to avoid suspicion sent similar letters to himself.

To support his charges, Mr. Maloney cited a number of alleged intimacies between Maxwell and women of prominence in the social world. According to the assistant district attorney the latest and most prominent woman indulging in an affair with Maxwell was Mrs. Ryan, wife of the financier who attracted attention during the famous Stutz corner and a member of the Tack family of Philadelphia. Others whom Mr. Maloney listed among Maxwell's ex-mistresses were a Danish opera singer, motion picture actress with whom he was alleged to have toured Mexico, a concert singer and a ballet dancer.

Result of Letters
The case of another woman who Mr. Maloney cited resulted in the death of her husband from shock after he had received one of the letters with which Maxwell was alleged always to have drawn his affairs to a close with a duplicate to himself.

According to the prosecutor, Maxwell on being shown one of the notes by an irate husband produced its mate and joined with the husband in denouncing the author.

Former Piano Tuner
According to Maloney, Maxwell, who he said began life as a piano tuner on the Isle of Wight, traveled to London, Paris, Lake Como and Milan with the financier's wife and later visited her at York Harbor, Maine. She, Maloney set forth, had in turn visited him in his New York apartment.

In support of his allegations, Maloney quoted radiograms which he said had been exchanged between Maxwell and Mrs. Ryan at one time when he was in New York and she was on the high seas. One of these messages quoted by the prosecutor and alleged to have been sent by Mrs. Ryan, read in part:

"I am counting the hours. I will be here to meet you in Paris, love, only love. Love of life."

Altogether Maloney charged Maxwell with writing 135 poison pen letters.

GRIEF CAUSES DEATH.
St. Louis, July 24.—Melancholia caused by the loss of her life's savings in the collapse of a real estate company today had claimed the life of Mrs. Elizabeth Stockey, 58 years old of Belleville Ill. Mrs. Stockey, who lost \$3,600 in the failure died in St. Louis county sanitarium after she had neither eaten or slept for six days.

CONDITIONS IMPROVE WEST BADEN, IND.

West Baden, Ind., July 24.—Economic conditions in Europe are rapidly on the mend in spite of the tangled political situation. George S. Bridge of the Chicago Board of Trade declared in an address before the National Hay association here today. Mr. Bridge has just completed a survey of European industrial and agricultural conditions.

NINE PRISONERS STILL AT LARGE FOLLOWING BREAK

Thirty-One of Those Escaping from Chester Retaken

CHESTER, Ill., July 24.—The arrest at Illinois, this afternoon of John Moran, an incorrigible prisoner at the Illinois state hospital for the criminal insane here, brought the total of recaptured inmates who escaped from the institution Sunday night up to 31. Nine of the prisoners are still at large and are being sought by posse.

Edward Petrie, warden of the southern Illinois penitentiary which adjoins the hospital said tonight that Moran, regarded as a dangerous criminal was apprehended by the city marshal at Illinois without a struggle.

Warden Petrie expressed the belief that four or five more of the escaped prisoners would probably be retaken tomorrow. He indicated, however, that the remainder would succeed in making a "clean getaway." The condition of the two guards, Ralph Dilday and James Denney who were assaulted during the break for liberty is improving according to an announcement.

SUSPECT ARRESTED

Chicago, July 24.—A man who said his name was John Connors and who said he was 28 years old was taken into custody by the police tonight on the belief that he may be one of the escaped inmates of the Chester, Illinois, asylum.

Detectives said they noticed him acting in a peculiar manner. His description was sent to Chester. Meanwhile county highway policemen are patrolling a section near Homewood, Ill., where two other suspicious characters were seen, it being believed they may possibly be escaped inmates of the asylum.

STILL FAVOR BUYING LESTER STRIP MINE

SPRINGFIELD, Ill., July 24.—Published reports that the district executive board of the United Mine Workers were divided over the purchase of the Lester Strip Mine at Herrin were denied tonight by Frank Farrington, district president.

"There is absolutely no foundation to the story," he declared. "The board was and still is unanimous in favoring and endorsing the purchase of the strip mine. The meeting held today was devoted to routine and was entirely friendly."

Asked whether the mine workers have decided to operate the mine or sell it, he replied that the organization's policy on that question had not been decided.

The Lester mine was purchased recently for a reported consideration of \$726,000. It was taken over, according to reports, to compensate the owners for damage done during the Herrin riots.

SURPRISE IS SPRUNG ON MINE OPERATORS

ATLANTIC CITY, N. J., July 24. (By A. P.)—Thomas Kennedy, president of District No. 2, United Mine Workers of America, caused a stir in the anthracite wage negotiations today when he proposed that the operators and mine owners take cognizance of United States coal commission's recent report by putting into effect its recommendation number 7,000 and establishing a scientific and equitable basis for wage-making.

The operators, taken completely by surprise, declined to state off hand their attitude toward the proposal. Thru their spokesmen, S. D. Warriner, of Philadelphia, they suggested, however, that the joint committee of investigation described in the recommendation also consider efficiency of the miners in drawing up such a wage making standard and they further requested time to analyze the United States commission's report.

TAKEN IN OMAHA; WANTED IN PEORIA

Omaha, Neb., July 24.—A. E. Page, wanted by Peoria, Ill., police in connection with a bank robbery at Low Point, Ill., was arrested here last Monday when he posed as a "vice investigator" according to police. Page had a blackjack and a revolver in his possession when arrested, the police claim.

STRIKE STILL RAGES AROUND GENERAL WOOD

Six Members Filipino
Legislature Resign
as Another Move

(By The Associated Press)
MANILA, July 24.—Six appointed representatives and senators of the Philippines legislature resigned tonight as another move in the political strife which is being waged about Governor General Leonard Wood. The nominal reason given by those who resigned was that they wished to give the governor-general the opportunity to fill the positions with the men who would not embarrass him.

Friends of Governor-General Wood point out that it is generally recognized that Manuel Quezon, head of the new collectivist party and other party leaders are forcing out all of the Wood appointees for political and partisan purposes, attempting to make it a precedent that the people are solidly behind the recent cabinet resignations.

One Opposing Vote.
Representative Rama was the only member of the joint session of the legislature yesterday who opposed the resolution asking for the recall of Governor-General Wood. He insisted there was no quorum present, declaring that more than half of the members were absent. The vote was taken over his protest, Quezon declaring there was a quorum under the law.

The recalled resolution was amended to the effect that in the event that independence was not granted the Philippine Islands that a Filipino governor-general be appointed to take the place of Wood.

ENGLISH LABOR IS ASKING ASSISTANCE TO AVOID ALL WARS

Message Sent to No More
Wars Committee in
New York

(By The Associated Press)
NEW YORK, July 24.—A message from J. Ramsay MacDonald, leader of the opposition in the British house of commons and chairman of the English labor party urging the continuation of the struggle against war as a crime was received today by the International No More War Demonstration committee. The message said:

"Please accept my best wishes for success of the no more war demonstration in America which you are going to hold next Friday, Saturday and Sunday. Surely the proof of the waste, the folly and the ineffectiveness of war which is staring the nations of the world in the face today must induce every thinking man and woman to determine that they will have no more of it."

Nations Drifting Apart.
"Let nothing blind us to the real things that are happening. France and Great Britain are drifting apart. It is not only that we are in disagreement about the Ruhr, we are growing into disagreement about ourselves. The feeling between us is in respect more strained than between Germany and its neighbors in 1913. A great chasm is rising up. And while we are busy creating explosive psychology problems in the Near East, in the Balkans, in Northern Africa, keep the matches burning to throw into the gunpowder magazines.

"Was ominous writing on a wall ever more plain than the events and the tempers of today?"

STRIKE IS CALLED OF LONGSHOREMEN

(By The Associated Press)
HOBOKEN, N. J., July 24.—Officials of the Marine Transport Workers' division of the Industrial Workers of the World, today called a strike of longshoremen along the Hoboken water front which they asserted had tied up eight ships. Fourteen hundred men were out the I. W. W., officials said 900 of which were members of the I. W. W. Circulars calling upon all longshoremen to strike for a wage increase to \$1 an hour with time and a half for overtime, and a 44 hour week were distributed along the docks in New York and Brooklyn as well as here.

ENTERS RESTAURANT; KILLS AND WOUNDS

New York, July 24.—One man was killed and a young woman seriously wounded and two other men slightly wounded by a gunman who shot his victims in an East Side restaurant late tonight. The murderer then walked around the restaurant poking frightened men and women out of their hiding places with his pistol and searching their faces. He was looking for another man, it is believed. Failing to find another victim, he left.

MEASURES MUST BE TAKEN TO CONSERVE SALMON FISHERIES

Statement Made by Secretary Hoover That
There Must be a Reduction in the Number
of Fish Taken and Plans Made for Enlarging
Propagation to Save the Industry

(By The Associated Press)
ABOARD U. S. S. HENDERSON, July 24.—Declaring pious statements, scientific discussion and political oratory will not spawn salmon, Secretary Hoover, as head of the governmental department having to do with Alaskan fisheries asserted in a statement today that there must be a temporary reduction in the number of fish taken from Alaskan waters and at the same time there must be constructive measures for enlarging propagation. Otherwise, he said, salmon fishing, now one of the largest of Alaska's industries, will be lost in a few years.

Mr. Hoover in his statement, which was based on close range study given the Alaskan fisheries question while in the territory as a member of President Harding's party, expressed hope that congress would act at the forthcoming session to give federal administration agencies more constructive powers. Any new legislation, he added, must be of the broadest scope possible as the method of regulation must vary with each locality and because of dealing with problems of wide human and property interest should afford a method of appeal to some independent commission or authority.

Alaskans Favorable
The secretary said he had found unanimous support among Alaskans for action taken by federal government in creating fish reserves in Western Alaska by executive order and in order to obtain advice as to the administration of those reserves and as to the best form needed legislation should take, he proposed to create in Alaska an advisory board.

Secretary Hoover's statement in part follows:

"I have had an opportunity of consulting with scores of people in Alaska on the fisheries question—with fishermen, cannerymen, public officials, business men and experts in public hearings and otherwise.

Must Be Restriction
"There has not been a single dissent from the conclusion that there must be strong and immediate restrictions on salmon fishing if we are to preserve the industry from the same destruction that has ruined many of our national fisheries elsewhere. In fact it should have been undertaken in Alaska years ago.

Largest Industry
"This is the largest of Alaska's industries. More than half her territorial revenues are dependent upon it. It can in time be built to much larger dimensions than at present. If nothing is done it will be lost in a few years. It is of vital importance to the American people as a source of national food supply.

"New legislation in order to be effective must be of the broadest possible order.

"In order that may be definite machinery for recruiting such expressions and to secure the various elements of the industry and the public at large in Alaska in the temporary measures now being applied, I shall, with the approval of the president create a advise with the department as to the regulations under the reserves.

Restoration Proposed
"Our only purpose is to restore this industry. The responsibility rests upon the officials who have the authority to translate it into action. Pious statements, scientific discussion and political oratory will not spawn salmon.

"Conservation cannot be carried out without a temporary reduction in the amount of fish taken on the one hand or without constructive measures for enlarging propagation on the other."

Mr. and Mrs. Charles H. May were city arrivals from Chander-ville yesterday.

Shoots Her Husband Ford Offers Her Bail

(By The Associated Press)
DETROIT, Mich., July 24.—Instructions to furnish bail for Mrs. Katherine Gorka, waiting trial for the shooting to death of her husband Frank, were sent by Henry Ford from his yacht in Grand Traverse Bay to his Fort Dearborn office. Ford was cruising around the bay and in reading a belated Detroit newspaper found the story of the woman who is alleged to have shot her husband in a quarrel from the husband's action in buying an automobile with money she had saved to purchase a home.

After reading the newspaper account the Detroit automobile manufacturer told his radio operator, "tell my office in Dearborn to supply bail to any amount and get that woman out of jail immediately." An hour later attorneys for Mr. Ford appeared at the prosecutor's office to arrange for bail, but found the woman had been released Saturday on \$10,000 bond furnished by friends.

CANDIDATE IS OFFERED FOR LT. GOVERNOR

Reported at Capitol
Col. Sam Hunter
Will Run

(By The Associated Press)
SPRINGFIELD, Ill., July 24.—Reports about the capitol to day that Colonel Sam Hunter of Duquoin, who won statewide attention at the time of the Herrin massacre would be a candidate in the Republican primaries for lieutenant governor were not denied by the Colonel tonight.

"If there is a demand for me to make the race, I will make it in spite of the censure of the legislature investigating committee on the Herrin affair," he said. "But at present I am more interested in the reorganization of the Illinois National Guard than in anything else."

Colonel Hunter is reported to have the support of Frank Farrington, of the United Mine Workers of Illinois, and John H. Walker, president of the Illinois Federation of Labor. In a letter to Thomas Hunter, mine operator of Williamsville, Mr. Farrington said:

"Farrington For Him.
"If Colonel Hunter should become a candidate for Lieutenant Governor, you may be sure I will do everything I can to help his election."

Colonel Hunter said he believed the United Mine Workers, the Illinois Federation of Labor and the Farmers would stand behind him loyally if he should become a candidate for the Republican nomination.

During the national coal strike last summer, Colonel Hunter was sent to Herrin as investigator for the adjutant general's office to see if the presence of the national guard was demanded in Williamson county. Colonel Hunter took the position, according to the attorney general's report that the militia would not be called without a request made by the sheriff of the county. He later acted as advisor to the miners and the owners of the strip mine just before the massacre and was the object of a storm of criticism which resulted in his condemnation with Adjutant General Black by a legislative investigating committee which reported back to the legislature just before adjournment of the last session.

Colonel Hunter admitted having been approached by prominent Republicans concerning his proposed candidacy and was receiving many calls at a local hotel today.

Mr. Harper was a business visitor from Beardstown Tuesday.

Mrs. McCurley helped represent Modesto in town Tuesday.

Within the week a Douglas county resident manifested his faith in land investment. He purchased a tract of 404 acres at \$250 an acre. The land is in good quality but not highly improved.

When the public learns the truth of Commissioner Haynes' epigram — "The Bootleggers' landmark is the double cross" — there should be a new impetus felt in enforcement circles.

It is interesting to note that Secretary Hughes and Mr. Gompers seem to hold very similar views with reference to Russia and recognition.

Stories of heavy wheat yields continue to come in. There are said to be many Morgan county fields that will average from 35 to 40 bushels per acre. The chances are that with a yield half as great and the price of \$1.25 prevailing, the average farmer wouldn't have felt near as poor as he does now. The big yield, even at a low price, is not so bad, after all.

If public interest and patronage of the new swimming pool at Nichols Park continues there should be no difficulty about getting the park board to either enlarge the pool or build another. Thus far patronage is making the pool a valuable asset, even from a financial point of view.

Every day one reads that the business men and municipal authorities in some city or other have determined to unite in breaking up speeding and in bringing about better observance of the general traffic laws. With such state wide and nation wide interest in this subject the day should not be far distant when the traffic laws are more satisfactorily enforced.

There are so many reports and suggestions of candidacies these days that it looks as if there would be a great many hats in the presidential ring. But it is just as well to remember that before convention time comes the

S. M. HENDERSON AT DEDICATORY SERVICES

Concord Resident Attended Dedicating Ceremonies at Dedication of Memorial Line Marker Near Metamora, Ill.

S. M. Henderson of Concord, who is spending a number of weeks with relatives at Eureka, Ill., recently attended the dedicatory services of the Memorial line marker of the Lincoln circuit of the Eighth Judicial district between Tazewell and Woodford counties. Mr. Henderson writes the following letter to the Journal with references to the ceremonies:

Eureka, Ill.,
July 21, 1923.

Dear Journal:
Last Tuesday afternoon I attended the dedicatory services of the Memorial Line Marker of the Lincoln Circuit of the Eighth Judicial District between Tazewell and Woodford counties. The exercises were held in the Central park at Metamora, except the actual unveiling and concluding ceremonial which took place on the county line three miles south of Metamora. The program at the park was as follows:

Invocation—Rev. L. J. Powell.

Music—Chorus.

History of Lincoln Marking Association—Miss L. E. Jones.

Address, "Abraham Lincoln"—Hon. Franklin Velde of Pekin.

Music—Chorus.

Address, "Lincoln and the Civil War"—Prof. B. J. Radford of Eureka.

Vocal solo—Miss Mabel Malone.

Short addresses—War veterans.

Music—Chorus.

At the Marker

Apostrophe to the Flag—Miss Ruby Painter of Eureka college.

Unveiling of the marker—Mrs. Anna Banta and Mrs. H. B. Harms.

Presentation of marker to boards of county supervisors—By Peoria chapter D. A. R. and L. C. M. A.—Mrs. Frances Schnebl.

Acceptance by chairman of Tazewell and Woodford county boards of supervisors.

Benediction—Rev. J. D. Calhoun.

The marker stands at a corner of the road leading from Metamora to Washington. It is of gray stone in which a bronze likeness of Lincoln has been set. The services were largely attended. Our party consisted of C. F. Wertz and son Clarence, D. W. Henderson and wife and little daughter, Virginia and the writer.

S. M. Henderson.

J. T. ROACH HURT.

John T. Roach, residing at 322 North East street sustained injuries Monday afternoon at the farm home of Andrew Bacon on the Morton road, which might easily have proved far more serious.

While moving the threshing rig of which Mr. Roach is the engineer, from the Bacon farm to the Robinson farm, in crossing the railroad track the separator became uncoupled from the engine and ran forward pinning him between the engine and separator.

His luck, however, held good, for after examination by Drs. Hargrove and Norris it was found that he had sustained only some minor bruises with no bones broken.

S. M. HENDERSON AT DEDICATORY SERVICES

Concord Resident Attended Dedicating Ceremonies at Dedication of Memorial Line Marker Near Metamora, Ill.

S. M. Henderson of Concord, who is spending a number of weeks with relatives at Eureka, Ill., recently attended the dedicatory services of the Memorial line marker of the Lincoln circuit of the Eighth Judicial district between Tazewell and Woodford counties. Mr. Henderson writes the following letter to the Journal with references to the ceremonies:

Eureka, Ill.,
July 21, 1923.

Dear Journal:

Last Tuesday afternoon I attended the dedicatory services of the Memorial Line Marker of the Lincoln Circuit of the Eighth Judicial District between Tazewell and Woodford counties. The exercises were held in the Central park at Metamora, except the actual unveiling and concluding ceremonial which took place on the county line three miles south of Metamora. The program at the park was as follows:

Song—America.

Invocation—Rev. L. J. Powell.

Music—Chorus.

History of Lincoln Marking Association—Miss L. E. Jones.

Address, "Abraham Lincoln"—Hon. Franklin Velde of Pekin.

Music—Chorus.

Address, "Lincoln and the Civil War"—Prof. B. J. Radford of Eureka.

Vocal solo—Miss Mabel Malone.

Short addresses—War veterans.

Music—Chorus.

At the Marker

Apostrophe to the Flag—Miss Ruby Painter of Eureka college.

Unveiling of the marker—Mrs. Anna Banta and Mrs. H. B. Harms.

Presentation of marker to boards of county supervisors—By Peoria chapter D. A. R. and L. C. M. A.—Mrs. Frances Schnebl.

Acceptance by chairman of Tazewell and Woodford county boards of supervisors.

Benediction—Rev. J. D. Calhoun.

The marker stands at a corner of the road leading from Metamora to Washington. It is of gray stone in which a bronze likeness of Lincoln has been set. The services were largely attended. Our party consisted of C. F. Wertz and son Clarence, D. W. Henderson and wife and little daughter, Virginia and the writer.

S. M. Henderson.

Fruit jars, all kinds and sizes; fruit cans, rubbers, wax, tops and lids for all jars; wicks for all oil stoves. Call or phone your order. BRADY BROS.

J. T. ROACH HURT.

John T. Roach, residing at 322 North East street sustained injuries Monday afternoon at the farm home of Andrew Bacon on the Morton road, which might easily have proved far more serious.

While moving the threshing rig of which Mr. Roach is the engineer, from the Bacon farm to the Robinson farm, in crossing the railroad track the separator became uncoupled from the engine and ran forward pinning him between the engine and separator.

His luck, however, held good, for after examination by Drs. Hargrove and Norris it was found that he had sustained only some minor bruises with no bones broken.

GOLF TOURNAMENT AT INWOOD A GREAT SUCCESS

Handling an open championship tournament such as was staged at the Inwood Country Club on Long Island last week

under the direction of the United States Golf association has grown to a task of immense proportions, entirely different from the hit and miss affairs of early days. So rapid and constant has been the growth of the game on this side of the Atlantic that the win-

ning of a national golf title now means many times more to a person than formerly. The responsibility attending an undertaking such as was handled at Inwood is one that cannot be treated with indifference and it may be said without fear of contradiction that the U. S. G. A. rose to the occasion in a manner that will resound to its lasting credit.

There is nothing more unwieldy than a mobile gallery, and is what every national golf championship, either amateur or open of late years has to expect. With several thousands of keenly interested men and women running along between shots in an endeavor to get a glimpse of the approach the wonder is that the contestants are not interfered with more than does seem to be the case. There's an old saying in golf, "never up, never in," and in following the stars the gallery quickly learns that failure to make the front line of the advance means a complete shutting off of the view.

Different Conditions
It is the easiest thing in the world to criticize. At every national championship one hears all sorts of remarks pro and con, but as a rule there is a good reason for everything that an association or organization in charge does. Unquestionably the championship game has grown and is continuing to grow to such an extent that a shifting of conditions may always have to be considered to keep pace with the times.

At Inwood the common complaint was that the tournament was too long, lasting from Monday to Saturday and then because of the tie for first place necessitating a play-off on Sunday. Never before in the history of golf in this country had an open championship consumed so much time. It was caused by the unprecedented entry necessitating qualifying rounds. A year ago at Skokie there were three qualification days, but the increased entry at Inwood called for the adding of a fourth qualifying day.

That of course, has its draw-

backs. For instance, the golfer who gets in, say on the first day, Monday, has to wait around for four days before getting into action again. This entails quite a loss of time and also gets on the nerves of the chap who is waiting. The same things holds good to a greater or less degree with those who qualify on the two subsequent days.

All this is fully realized by the national body and the officials said at Inwood that some other method would have to be devised for the future. This year they were confronted with a problem that a few years ago no one would have dreamed of. The officials of the association rose to the occasion so ably that the affair at Inwood went off practically without a hitch. They realize, however, that the limit has been reached; that before the 1924 event some way must be thought out whereby the field can be reduced without that long and tedious weeding out process of the qualification rounds.

Sectional Qualification
Sectional qualifying tests, one in the east and the other in the west, have been suggested, in fact, were seriously considered for this year, but the idea was abandoned by the U. S. G. A. executive committee just prior to its annual meeting at Pittsburgh last winter. It realizes now that sectional qualifications cannot be longer deferred, but before definitely adopting the method the matter of a gate has to be taken into consideration.

It may be generally known that the club holding a national championship does at a great financial loss. Inwood dug down to the extent of many thousands of dollars. In fact, since the day the club was assured that the 1923 National Open was going to be held over its course it spent on clubhouse and link improvements upwards of \$80,000. All the club was guaranteed by the U. S. G. A. was \$5,000 and that was all the association could afford to do, for even with the charging of a gate the running expenses have mounted so that when it is all over the association is no better off than before.

It now has considerable money to pay out to those who assist the honorary officials and unless these championships are looked after in a business-like way they are liable to be attended with a loss instead of a gain. One of the objects of charging a gate was to raise funds to help finance international matches. It costs money to send a team abroad and when a foreign delegation comes here the entertaining item is considerable.

Someone has said that the U. S. G. A. ought to let the qualification to the open championship take care of itself; in other words let subsidiary bodies handle that part thereby leaving the championship proper consisting of two days to the U. S. G. A. In that event there would only be two days in which to take in gate money and unless the people poured in by the thousands the financial return would not begin to be commensurate with the outlay.

Thus far the association has met every new angle with wisdom and it can be depended upon to take care of the growing problem. Certainly if it uses the same able methods in future as in the past golfers the country over will not have to worry. The association has on its executive board men of affairs who have been accustomed to handle momentous problems. Golf is only one of the many that have come to their notice. With them it is a labor of love, plus a great deal of pride in being able to handle the job in an efficient and wise way. Golf in America is fortunate in having such a body as the United States Golf association in control of its affairs.

BARGES USED TO TRANSPORT WHEAT

In order to cut the cost of transportation of grain wheat is being loaded on barges at Valley City and shipped to Peoria via the Illinois river. The barges are towed up the river, and upon reaching the docks, the wheat is unloaded by suction and drawn into the huge grain elevators. Each barge carries 10,000 bushels of wheat. It is loaded into the barge loose and is covered with tarpaulins while in transit up the river.

FRYMAN IS SOLD TO COAST LEAGUE

Howard Fryman, the lengthy hurler from Alton, who set the bushes afire last season while pitching for the local Indians, has justified the prophecies of the "I-told-you-so" Club.

At the close of last season he was picked up by the St. Louis Cardinals as being promising material, later being farmed out to the Decatur club of the Tri-Optic circuit. At that time the wise ones declared that he was bound to go higher and it now seems that he is well on the way to a place where he can associate with the bear-cats of baseball. Announcement was made yesterday that he had been traded to the Portland, Oregon, Pacific Coast League team for pitcher J. R. Sullivan. The Coast League is among the toppers of the minor leagues, and if our old friend Fryman makes good there it will be only one small step into one of the other of the major circuits.

The prediction of all of his local friends is that he will make the grade, but in baseball it is a case of "many called and few chosen," so there is always the uncertainty which attends all classes of sports.

MACHINERY CONTRACT SIGNED WITH TURKS

NEW YORK, July 24.—A contract to supply American agricultural machinery and to introduce modern agricultural developments in Turkey has been signed by the Turkish government and the Ottoman-American development company, owner of the Chester concessions, the company announced today.

The contract, it was stated, is for six years and is guaranteed by the Turkish government, which insures a minimum annual sale of agricultural implements to Turkish subjects of 400,000 Turkish pounds, about \$1,760,000 at normal exchange rates.

Under the contract there are to be established repair shops, machinery depots and schools of instruction for farmers who, it was explained, now are using wooden plows. One of the instruction shops will be established on a railway car which will travel thru the rural districts.

GOES TO NAVAL SCHOOL
Chicago, July 24.—Although Mrs. Winifred Mason Huck, former congresswoman, is a staunch advocate of peace, she sent her 18 year old son, Wallace, off to the United States naval academy at Annapolis yesterday. Mrs. Huck introduced the war referendum resolution into congress where it is now before the foreign affairs committee.

TWO ARRESTED IN CONNECTION WITH BIG GEM ROBBERY

Released on Highest Bail
Ever Set in Sessions

NEW YORK, July 24.—Albert Horowitz and Eugene Moran, arrested yesterday in Princeton, N. J., in connection with the robbery of \$300,000 in jewels from Mrs. C. P. Hugo Schoellkopf in New York last New Year's Eve, were held in \$125,000 bail each today the highest amount ever set in general sessions. Protesting their innocence the two were led away to Tombs Prison, as there was no sign of the \$250,000 required to give them their freedom.

Fixing of bail followed their assertion that they had been living like Southern gentlemen in Biloxi, Miss., when detectives once lost their trail that led thru Cincinnati, New Orleans, Louisiana, Columbus and Philadelphia.

Despite their declarations of innocence of the Schoellkopf robbery both men were identified today by Paul Engelhardt, one of the guests at the New Year's party as men who had played cards with Mrs. Schoellkopf a few minutes before she was robbed.

It was expected that trial of Horowitz and Moran would be delayed for some time as both Mrs. Schoellkopf and Frank "Barrie" Carman, dancer in whose apartment the party was given, are in Paris.

ORGANIZING IN SOUTH

Atlanta, Ga., July 24.—Organization of southern legislatures against the menace, as he sees it, of the teachings of Darwinism, agnosticism, or atheism in public schools apparently is the present undertaking of William Jennings Bryan. In the last several months, Mr. Bryan has visited virtually every general assembly in the south and asked the legislators to go on record as opposed to the teaching of such doctrines. So far as known he has met with more than fair success.

DRUNK, THREATENS SUICIDE, DRAWS A NIGHT IN MORGUE

Had Decided to End His Life Under Street Car

LIMA, O., July 24.—Charles Vorhees, 60 years old, father of six children, decided Monday night to kill himself, by standing in the middle of the Pine Street car tracks.

Wednesday morning Vorhees will wake up on a cooling slab in a Lima morgue.

Police Judge Emmett Jackson today fined him \$15 and sentenced him to serve twenty four hours in the morgue, and at 6 o'clock tonight Vorhees began his sentence.

Announcing his decision to his family and all the neighbors within hearing, Vorhees took up a station in the middle of the car track in front of his home and waited for the street car to arrive.

He waited and waited and anxious, morbid spectators waited on the curb, but the police arrived before the street car.

Vorhees was charged with intoxication and the judge turned an unsympathetic ear to Vorhees' explanations but decided he could pretend to be dead tonight and sleep in the morgue.

AUTO MARATHON NOW AT HUNDRED HOURS

HOUSTON, Texas, July 24.—Weary from lack of sleep, eyes bloodshot and closed to mere slits as the result of blistering sun and dust, three drivers hung on at 10 P. M. tonight in the automobile marathon at the Gulf Coast Speedway. At midnight the three will have accomplished the almost incredible feat of piloting their cars for 100 continuous hours.

Mrs. Mabel Lowe, the only woman to enter the contest was still piloting her machine at 10 P. M.

Slowly traversing the track in her close vicinity were the other two contestants, Robert C. Settle and "Kid" Ball—each determined to set a new world's record in driving.

TO ERECT \$40,000 ADDITION TO HOME

Board of Old People's Home Lay Plans for Extensive Improvements—Will Build Ten Rooms on Front and Install Many New Features

Plans were accepted by the Board of Management of the Old Peoples home yesterday for a remodeling and addition to the home that will cost in the neighborhood of \$40,000. The plans were presented by Mr. Lynch, of Lynch and Son of St. Louis, who is the architect for the Benevolence Board of the Christian church and who was in this city a few weeks ago to look at the home and decide on his treatment of the plans. He spent Monday afternoon and Tuesday morning here and is now back in St. Louis working hard on the last details of his drawings.

The chief item of the work to be done will be building an addition on the front of the building which will contain 10 rooms. When this has been added the old Hockenull home will be unrecognizable but the looks of the building will be greatly improved. A hospital will be built to the rear of the building.

One of the chief new features of the building will be an automatic electric elevator which will be installed. At present some of the old people are unable to come down stairs and can never attend the meetings that are held or be present in the dining room. With an elevator these difficulties will be eliminated. The elevator that is being thought of will cost complete and installed, \$3,500.

A new steam heating plant will be installed for the whole building and running water will be brought to every room. A. C. Rice, president of the Board of Management of the home, speaking yesterday said:

"We feel that these improvements will add greatly to the appearance, convenience, and utility of the home. The board intends to have the work completed before winter sets in."

AGED RESIDENT OF WINCHESTER IS DEAD

James Garrett Passed Away Tuesday Morning at Age of Seventy-Two Years—Other News from Winchester.

Winchester, July 24.—James Garrett passed away at 11 o'clock Tuesday morning at the family home here, after a brief illness. The deceased was seventy-two years of age and had spent the greater part of his life in the Winchester community. He has been married for fifty-one years, he and his wife having but recently celebrated their wedding anniversary.

Mr. Garrett is survived by the following children: Mrs. Joe Rose of Buffalo, N. Y.; Mrs. John Thompson; Jacksonville; Mrs. Joseph Eddings, Winchester; Mrs. Winifred Smith, St. Louis.

The deceased was for a great many years the janitor of the grade school building and was held in high esteem by all the pupils. He had a kindly word for every one and was a man who had the respect of the entire community.

The funeral services will be held Friday, the exact time to be announced later.

News Notes
Miss Bertha Miner returned Monday from a visit in Michigan and Canada.

Miss Elizabeth Coffee of Jacksonville has ended a visit at the home of her sister, Mrs. N. T. Lashmet.

Miss Floy Nelson of Rogers Park is here for a visit with her parents.

Miss Margaret Priest of Quincy is visiting with her parents, Mr. and Mrs. T. J. Priest.

Mr. and Mrs. Earl Rogers and little daughter of Jacksonville are spending their vacation here with relatives.

The teachers of the primary department of the Baptist Sunday school entertained the little folks of their classes at a party on the Baptist church lawn Tuesday afternoon. Games and story telling were enjoyed and dainty refreshments were served.

Mr. and Mrs. Guy Husted have returned from an outing at Wilcox lake and Virginia.

MRS. SHEPPARD DIES AFTER LONG ILLNESS

Death Came Tuesday Night to Well Known Resident of Lynnville Precinct.

The death of Mrs. Nettie D. Sheppard occurred at 9 o'clock Tuesday night at Passavant hospital, where she had been a patient for an extended period. Mrs. Sheppard was first brought to the hospital in March for a number of weeks, and later returned to the institution, her condition having been critical for several weeks past.

The deceased prior to her marriage was Miss Nettie Shirliff, a daughter of Mr. and Mrs. A. T. Shirliff, long well known residents of Lynnville precinct. The deceased was fifty-six years of age and her home had always been in the Lynnville community where she was held in the highest esteem.

Mrs. Sheppard was a member of the Methodist church of Lynnville and her life was one marked by useful kindly service. The suffering which came thru a long period of illness was patiently borne and those who knew her most intimately found much in her life from day to day and year to year to admire. The deceased was also a member of Wilber Chapter Order of the Eastern Star of this city.

The deceased is survived by one son, Foster Sheppard and by two brothers, G. A. Shirliff of Edmonton, Canada, and L. M. Shirliff of this county.

Announcement of the funeral will be made later.

NEW RELIGIOUS HEAD AT WOMAN'S COLLEGE

Dr. Wallace W. Stearns of Boston University has Accepted Position—Professor H. W. Pearson III With Tonsillitis.

The offices of Illinois Womans college has announced that Wallace N. Stearns of Boston university has accepted the chair of Bible and Religious Education at the college. The new professor is a well seasoned theologian and will enter on his work here with several years teaching experience in various institutions. Among these are: Wesleyan college, Fargo college and McKendree college. The last named has been his post for the past four years.

Enrollment at the college is ahead of what it was this time last year. Every year brings names of new students to the college and the student body promises to be larger next year than ever before.

Professor H. Ward Pearson of the College of Music is now ill with tonsillitis at Brasher Falls, New York, where he is spending his vacation. He is, however, improved and expects to be home in about three weeks.

CENTENARY MEN TO VISIT ALEXANDER

Members of Loyal Men's Class Will Make Sunday Calls on Similar Organizations.

The Loyal Men's Bible class of Centenary Sunday school of which C. S. Smith is the teacher, is planning to visit the Alexander M. E. Sunday school next Sunday morning. This will be the second of a series of visits that this live and active class is to make during the summer months.

The first visit was made to the men's class of Murrayville M. E. Sunday school and the results were seemingly so satisfactory that it was decided to carry on this inspirational work in connection with a number of other Sunday schools.

As indicated, the visit next Sunday will be to Alexander and all men connected with the Bible class are urged to meet at Centenary church at 9:15. It will be necessary for the men to be prompt as the party will start not later than 9:30 o'clock. Cars will be provided for all and it is hoped that the full membership of the class will make the trip.

At a recent session of the class the members were very much interested in a letter read by Mr. Smith, received from Rev. W. R. Leslie, who about four years ago was the pastor of the church and came to occupy a warm place in the affections of the church and congregations.

The letter was written on board an ocean steamer, as Rev. Mr. Leslie and his wife are on a vacation trip which they will spend in foreign travel.

FUNERALS

The obsequies of Frank C. Craig were held yesterday from the funeral parlors of Arthur G. Cody. The Rev. A. P. Howells was the officiating clergyman and interment was in Jacksonville cemetery.

Music was furnished by Miss Carries Spires and Mrs. George Stoltz.

The floral offerings were cared for by the Misses Nettie Smith, Lucile Decker and Anna Hudson.

At the grave the services were in charge of the I. O. O. F. which was represented by Thomas H. H. as Noble Grand and William Boston as chaplain.

The bearers were E. L. Craft, Charles Montgomery, Carl Walters, Albert Phillips, David Shadd, John Deatherage and Walter Correa.

Misses Elre and Eloise Lukeman spent Sunday at home.

OFF FOR ROODHOUSE TO BOOST HOME BAND

Big Delegation Expected to Go From Here This Afternoon to Attend Music Festival—Smith Makes Changes in Ball Team for Today's Game

Fifteen cars thus far have been pledged to make the trip to Roodhouse this afternoon to attend the band festival. Lee A. Sullivan will drive the pilot car. Each auto will be numbered and will carry Chamber of Commerce banners, American flags and other decorations. All drivers are urged to have their cars in front of the Chamber of Commerce before 1 o'clock, so that a start may be made promptly at that hour.

The Jacksonville Community band is to have part in the festival and will make the trip to Roodhouse in cars. It is desired that as large a delegation as possible be present to back up the band.

On account of Christopher and Kohloff being crippled, and Wheeler in Mattoon at present, Manager Smith has found it necessary to make considerable change in the lineup for today's game at Roodhouse. He will use the following lineup: Massinkoff, cf; Ruble, ss; Boyd, 3b; Clark, c; DePrates, 1b; McDaniels, lf; Rossiter, 2b; Henderson, rf; and Fanning, p. As the Roodhouse team has not advised Smith as to their lineup for the game it is impossible to foretell the final result, but rumors persist that they are loaded to the guards with imported players, however, the Indians should worry if they are as near right as they have been going lately and if they do not get the long end of the score they will at least make the aggregation in the railroad town know they have been somewhere by the time the battle closes.

STATE STREET CHURCH HELD ANNUAL PICNIC

Pleasant Gathering is Attended by 150 Members of Church and Sunday School—Sports and Eats are Big Entertainment Features.

The annual picnic of State Street Presbyterian church and Sunday school was held Tuesday evening at Nichols park with 150 members present. The transportation committee: Dr. A. L. Adams and Thompson Brady, provided cars for those who had none, the trip to the park was made at 6 o'clock and the golf course, swimming pool, and playground shared the popularity of the grounds present, the last named probably had slightly the edge on the other two.

Athletic contests were held under the direction of T. M. Tomlinson and Robert Furry and resulted in the winning of the following: Girls 50-yard dash Mildred Martin; Boys 100-yard dash Andrew Carter; Girls 100-yard dash, Grace Fitch; 2nd Girls 100-yard dash Catherine Goebble; small boys and girls race John Robinson, Margaret Lanning won the contest in throwing the ball.

Promptly at 6:30 a most gorgeous spread of eatables was made, and needless to say was quickly demolished by the hungry Presbyterians. Rev. W. H. Marbach said grace and the supper was served cafeteria style, the guests walking round four big tables that were loaded with Angel cake salads and sandwiches.

Ice cream was furnished by the church and a keg of pink lemonade was much in evidence. T. M. Tomlinson had general charge of the most successful affair.

INSANE MAN STEALS CAR AT LITERBERRY

Litterberry, July 24. (Special to Journal).—An escaped patient from Jacksonville State hospital made an attempt to steal an automobile from the residence of Edward Newell near here Monday morning. The patient had been noticed walking by the Newell home three or four times. The car was sitting in the front yard and the clementine man walked stealthily to it, and entering, drove off down the road. When the car passed the home of John Stice its occupant was reported to be driving slowly. The capture was made at Prentice by Charles T. Holbrook and the lunatic was held for the state authorities who came from Jacksonville to escort him back.

"What is Home?"

A few years ago a London magazine sent out one thousand inquiries on the question: "What is home?" Eight hundred replies were received, out of which the following gems were carefully selected:

Home—a world of strife shut out, a world of love shut in.

Home—a place where the small are great, and the great are small.

Home—the father's kingdom, the mother's world and the children's paradise.

Home—the place where we grumble the most and are loved the best.

Home—the center of affection around which our hearts' best wishes twine.

Home—the place where our stomachs get three meals a day and our hearts get a thousand.

Home—the place on earth where the faults and failings of humanity are hidden under the sweet mantle of charity.

RECORD WHEAT YIELD ON GRENE OUNTY FARM

Charles Schatz of Hillview Vicinity Gets Big Yield From 40 Acres of Wheat—Other News From White Hall and Vicinity

White Hall, July 24.—What is believed to be a record wheat yield is reported by Charles Schatz from the vicinity of Hillview, who last week threshed 40 acres that made 48 2-3 bushels to the acre. It is the Black Hull variety, and weighed 64 pounds. Emil Schram, manager of the Hartwell district, reports that Mr. Schatz is now getting out 160 acres that may show still better results than the 40 acres, a report on which may be forthcoming in a few days.

Weather conditions have been most propitious for farming operations during the past week, and threshing has made good headway. Wheat is now coming to the local elevators full blast, and White Hall buyers report it is yielding from 25 to 35 bushels, grading No. 1 and No. 2 at 58 to 63 pounds. However, the amount that is being received in comparison with the big yield might indicate a holdback to some extent.

All sorts of vegetation is needing rain. There has been only 0.36 of an inch of rain at the White Hall station so far this month, according to the crop and weather report for the week ending Monday. Wells are dry in all parts of town, and the sup-

ply in the city reservoir will be exhausted August 15th unless there is heavy rainfall in the meantime. A leak at the spillway is the cause of the diminished city supply, and the low stage has enabled this to be corrected effectively. The promised vast crops of corn and apples are showing plainly the need of rain. The highest temperature during the week was 98 on the 21st, being equaled the latter part of June on one date. The average temperature was 79.8 degrees, the mean maximum being 95.3 and the mean minimum 64.4. The high night temperature was 70 on the 23rd.

Family Reunion

A reunion of the Turner family of Greene and Macoupin counties was held Sunday at the home of F. E. Vandaveer in White Hall. The occasion brought together 26 members for the second time in recent years, and included Mr. and Mrs. Albert Dicks, Fidelity; Mr. and Mrs. A. M. Calhoun and son Taylor, Franklin; Mr. and Mrs. E. O. Turner, Galatin, Mo.; Mr. and Mrs. J. A. Turner, Mrs. Theresa Houser, Mr. and Mrs. Samuel Boyd and three children, Mr. and Mrs. Martin Turner, Palmyra; Mr. and Mrs. T. M. Turner, Scottville; Mr. and Mrs. Lloyd Hettick and daughter, Wilda, Hettick; aside from the immediate members of the Vandaveer family, including Glenn Vandaveer and family and Mr. and Mrs. Clyde King. Fish frying was a prominent feature.

D. M. Collingwood, M. W. Leighton and Townner B. Root, representing the Illinois Geological survey, were brief visitors in town Sunday. They are working in the southern part of the county, in preparation of a geological map, and will get to work at White Hall in a short time for the northern part. A geological map of Greene county has not been prepared since 1868.

RETURNED FROM ST. LOUIS
Mr. and Mrs. Ernest Sovren have returned from a short visit in St. Louis where they were called by the illness of Ms. C. O. Malone.

SWEETSER WINS MEDAL
Cleveland, O., July 24.—(By The Associated Press)—Altho he finished in tenth place of today's scoring and slumped seven strokes from the first from the first round, Jesse Sweetser of New York, national amateur golf champion today with a 75 won the gold medal in the qualification for the Western Amateur title play because of the lead his record 68 for the Mayfield links gave him in the first round.

REDS WIN LAST GAME OF ST. LOUIS SERIES

Benton and Caveney Good—Hargrave Hits Ninth Home Run of Season.

CINCINNATI, O., July 24.—Cincinnati won the last game of the St. Louis series 7 to 4 by hitting Doak freely in the early rounds and finishing strong off Stuart in the last two innings. Benton pitched effectively except in two innings. Caveney had a perfect day at bat with four straight hits and Hargrave hit his ninth home run of the season off Stuart in the eighth inning the ball hitting in the extreme left field corner and bouncing over the fence.

BROWNS AND INDIANS DIVIDED THE HONORS

Browns Take First 3 to 1—Indians Second 3 to 2—Games Featured by Home Runs.

St. Louis, Mo., July 24.—Cleveland and St. Louis divided a double header which was featured by home runs here today. The Browns won the first contest, 3 to 1, and the Indians annexed the second 3 to 2, in thirteen innings.

In the first game McManus' home run after Williams had singled in the eighth inning decided the issue. Brower scored Cleveland's run when he hit for the circuit in the seventh inning. Tobin tied the score when he duplicated the feat in the Brown's half. Jamieson's four-base hit in the thirteenth inning won the second contest for the Indians. Myatt and Tobin also cracked out homers. Edwards struckout ten batters in his pitching duel with Kolp.

TIGERS TAKE WHITE SOX FOR A DOUBLE

White Sox Unable to Hit Pilette—Heilmann Cracks Out Thirteenth Homey

CHICAGO, July 24.—Detroit won both games of a double header from Chicago today, 4 to 1 and 9 to 6, respectively. The White Sox were unable to hit Pilette effectively in the first game. Heilmann cracked out his 13th homer of the season in the first game. The second game was a free hitting affair in the first few innings but settled down into a pitching duel between Robertson and Cole, in which the former's wildness cost him the game.

DEMPSEY-FIRPO BOUT PLANS PROGRESSING

New York, July 24.—(By The Associated Press)—Negotiations for a heavyweight title match between Jack Dempsey and Luis Angel Firpo, cloaked in mystery for the past ten days reached such a stage today that promoter Tex Rickard declared he probably would have a definite announcement to make at 3 o'clock tomorrow afternoon. Soon after this announcement, there was every indication that the match would be clinched after a series of conferences during the day among Rickard, Firpo and Jack Kearns, the champion's manager.

LACK OF SUPPORT ENCOURAGES SHORTS

FINANCIAL.
Total sales \$1,000,000 shares.

High 1923 — 90.63; low
76.85.

NEW YORK, July 24.—Lack of buying support in the early hours today encouraged short selling in a wide assortment of stocks and gave the market a distinctly heavy tone. Professional traders seemed less cheerful over progress toward settlement of European problems and inclined to be pessimistic over prospects for improved earnings by western railroads.

The result was recessions of from 1 to nearly 3 points over a large portion of the list. Great Northern preferred dipped to 6 1/2, a new low record for the year and closed 1 1/2 points lower on the day at 62. Chicago, Milwaukee & St. Paul preferred closed 2 1/2 points lower and more than a dozen railroads were off a point or more. Steels and equipment came in for a large share of the selling. Baldwin dropping 3 1/2, Crucible 2 1/2, and the preferred 2. Bethlehem 2, United States Steel 1 1/2, American locomotive 1 1/2. American car closed 2 1/2 points off on the day.

German marks sank to 2.15 for one million.
With the exception of the treasury 4 1/2, which improved slightly, active United States government bonds were reactionary. Losses however, were confined to 2-32 of a point.

Chicago Cash Wheat

CHICAGO, July 24.—Cash wheat was weak and the market finished 1c easier, with increased offerings from the country. Premiums and discounts were unchanged to 1c lower for red and yellow hard and spring grades. Domestic shipping sales here were 5,000 bushels. The seaboard reported 200,000 bushels of wheat worked for export.
Cash corn was in good demand early with prices 1/2c easier and premiums unchanged. Later the buyers backed away and premiums dropping 1/2c with the market quoted unchanged to 1c better.
Cars inspected: Wheat 631; corn 144; oats 108.

CONDITION OF WHEAT MARKET UNSETTLED

CHICAGO, July 24.—Wheat dropped in price today to within a fraction of the lowest prices reached thus far by the 1923 crop. Weakness of the New York market had much to do with the lowering of values here. Wheat closed unsettled at 1 1/2 to 2c net decline, with September 96 1/2 and December 1.00 to 1.00 1/2.

Corn finished at a range varying from 3c off to a shade advance, oats 1 1/2c to 3c down, and provisions unchanged to a setback of 15c.
From the outset pressure to sell was evident in the wheat market. A sharp decline in Liverpool quotations tended to emphasize the effect of bearish views expressed by a leading Chicago banker as to the outlook with improved trade with Europe. In addition the downward course of the wheat in Wall Street put wheat bulls at a decided disadvantage, and also hedging sales of newly harvested wheat during the first part of the day were only moderate the market later felt the weight of commission house selling and of increase hedging as well as unload, ing on the part of early buyers.

The fact that receipts of wheat at Chicago were again heavy in contrast with exceptional smallness of arrivals in the southwest and west where farm organizations are striving to have as much wheat as possible stored on farms was apparently responsible for some of the selling pressure here and so too was slowness of export demand. Announcement that harvesting had already begun in the Canadian northwest with weather favorable and a big yield in prospect was effective also in depriving the market here of support. Corn and oats sympathized with wheat weakness. At one stage, however, July corn touched a new high price record for the season, 87 1/2.

BUTTER MARKET FAIRLY ACTIVE

CHICAGO, July 24.—After another advance on top and bottom scores, the butter market here today continued fairly active and stocks were fairly well cleaned up but the tone of the market was hardly so firm. Some operators began to wonder if prices were not near the top. Receivers sold a little more freely and buyers were a little more cautious in their purchases. Fine butter, due to poor quality receipts, scarce with occasional lots commanding premiums. Supplies on some grades was burdensome. The car market was not so active but yesterday's prices were well maintained and from the standpoint of vintage sales slightly higher on 88-89 scores.

Fresh butter: 92 score 39 1/2; 91 score 38 1/2; 90 score 37 1/2; 89 score 36 1/2; 88 score 35 1/2; 87 score 34 1/2.

KANSAS CITY

MARKET REPORT.

Kansas City Stock Yards, July 23.—Receipts today 19,000 cattle and 4,000 calves were about 4,000 cattle and 1,000 calves short of a week ago. The decline in prices of practically all classes that occurred early last week, brought the market to a satisfactory basis for the buying side, and today the trade showed enlarged activity. Prices for fat cattle ruled strong to slightly higher and stockers and feeders were steady. There is a considerable margin between finished and the mill fat and steers, by prime steers are selling at \$10.75 to \$11.25; good to choice \$9.50 up, and the short fed and warmed up classes at \$8.25 to \$9.25. Straight grass fat steers are bringing \$4.00 to \$8.00. In this class can be found a large number of good quality steers that would make an excellent showing on short feed, and in the short fed class a few are available at \$8.25 to \$8.75 that will take on a quick finish. Straight feeders are selling at \$4.50 to \$7.25 and stockers at \$4.00 to \$7.00. Stock cows are bringing \$3.00 to \$4.50 and stock heifers \$4.00 to \$5.50. Larger supplies of stock calves are available and they are selling at \$5.00 to \$7.00. Hog prices continue to fluctuate between \$6.75 and \$7.50. After a sharp advance early last week, there was a setback and Friday a second upturn occurred that continued today taking the market back to nearly the high point of a week ago. Pigs and stock hogs are offered freely. Today the top price was \$7.50 and bulk of sales \$7.25 to \$7.45. Pigs and stock hogs sold at \$6.00 to \$6.25.

COAL

The poorest sort of economy is buying an inferior
grade of coal—that is especially true when you find
that the real superior article is as fairly priced as
you'll find it here. Let us fill your next coal order.

Brunswick Tires and Tubes

The manufacture of pneumatic tires for auto-
mobiles is open to anyone. There are no secrets,
formulas or patents to prevent or even
hinder anyone from making tires of the very
best grade, provided he has the determination
to build such tires, and the capital organization
and will-power to put this determination into effect.

We believe that the motorist is far from inter-
ested in secret formulas, but he is interested in,
—and has a right to expect,—maximum mile-
age, and low cost per mile.

BRUNSWICK TIRES are made by one of the
older manufacturers, who have always main-
tained quality.

BRUNSWICK TIRES are sold on an unlimited
mileage guarantee.

It is not the name that makes the TIRE famous.
BRUNSWICK TIRES help keep the name fam-
ous.

A 20% reduction from the regular price is
now being made on BRUNSWICK TIRES and
TUBES.
